Q1
I am a researcher based at Birkbeck, University of London, United Kingdom. I am interested in your social attitudes.

Your participation is completely voluntary. You can quit the survey at any point, by closing your browser. Your answers will remain completely anonymous.* Data collected in the survey will be used for academic research and publication, and policy analysis, but only in a way that protects your anonymity. If you have any further questions about your participation in this research study, please see below.

In taking this survey, you confirm:

I have been informed about the nature of this study and willingly consent to take part in it.

I agree to the use of my data as part of an anonymised dataset used for statistical modelling of relationships between answers, and presentation of tabular data.

I understand that I will not be identifiable in any presentation of this research without my further, written, consent.

I understand that I may withdraw my data at any time before it has been anonymised and combined with other data.

I understand that the anonymised form of the data I have provided will be made available to other researchers through publications and by being deposited in our data repository.

I am over 18 years of age.

*Anonymous means that we will not record or keep any information about you that could identify you.
