	Government waste and corruption	17	173
	Something else	8	85
	Unsure	1	11

Which statement comes closer to your view, even if neither is exactly right?

	Homelessness in California is primarily driven by housing costs. If housing were more affordable, most people currently experiencing homelessness could live independently.	29	295
	Homelessness in California is primarily driven by substance addiction and mental health issues. Even if housing were more affordable, most people currently experiencing homelessness would still struggle to live independently.	60	603
	Unsure	10	102

Which statement comes closer to your view, even if neither is exactly right?

	Providing treatment to homeless people with substance addiction without their consent is more compassionate than leaving them on the streets when they may harm themselves or others.	62	618
--	---	----	-----

Question	Value	Percentage	Count
	Protecting the right of homeless people with substance addiction to refuse treatment is more compassionate than treating them without their consent.	20	200
	Unsure	18	183

Which statement comes closest to your view, even if none is exactly right?

	Unions generally benefit workers at both private companies and in government by giving employees a voice and helping them secure fair pay and treatment.	46	456
	Unions generally benefit workers at private companies, which must compete for customers. But public-sector unions bargain with politicians they help elect, which can drive up costs for taxpayers and make it harder to improve government services.	21	209
	Unions generally do more harm than good in both private companies and government by raising costs and protecting poor performers.	22	222
	Unsure	11	112

Do you think public-sector unions, or unions that represent government employees, have too much influence, too little influence, or about the right amount of

Question	Value	Percentage	Count
influence in elections and government decisions?			
	Far too much influence	25	247
	Somewhat too much influence	23	231
	About the right amount	21	207
	Somewhat too little influence	8	79
	Far too little influence	6	62
	Unsure	17	174

Would you support or oppose limiting the power of public-sector unions if doing so made it easier for state and local governments to discipline or fire poorly performing employees, increase pay for high-performing employees, and deliver more efficient public services at lower cost to taxpayers?

	Strongly support	32	316
	Somewhat support	31	312
	Somewhat oppose	11	107
	Strongly oppose	12	118
	Unsure	15	147

Which statement comes closest to your view, even if none is exactly right?

	California's government should stop wasting public resources on over-budget, delayed	42	421
--	--	----	-----

Question	Value	Percentage	Count
	transportation projects like California High-Speed Rail and instead use that money for more pressing issues.		
	California's government should keep investing in major transportation projects like California High-Speed Rail, even though they are over-budget and delayed, because they are essential for the state's growth and development.	25	248
	California needs major transportation improvements like California High-Speed Rail, but the state's current leadership cannot be trusted to manage these projects efficiently or keep costs under control.	27	265
	Unsure	7	66

How concerned are you about waste, fraud, and abuse in California's government welfare programs?

Very concerned	48	481
